ISMS AUDITOR COURSE - IRCA 2016

IRCA Course No. A17207 certified by IRCA

BENEFITS

On successfully completing the course, students will have:

➢ *an appreciation of the importance of controlling Information Security in all types of business.*
➢ *a detailed knowledge of ISO 27001:2005 Information Security Requirements.*
➢ *a knowledge of documented management systems to control Information Security*
➢ *a knowledge of risk assessment for Information Security.*
➢ *a knowledge of auditing principles*
➢ *a detailed understanding of the principal requirements for auditing Information Security Management systems.*

The course uses a mixture of taught sessions, interactive group discussions, exercises, continuous assessment and examination to achieve its aims. The practical exercises are based upon a fictional company. However, the procedures, work instructions and data are typical and could relate to many different enterprises equally. The practical exercises have been carefully designed to focus upon issues that commonly arise during Information Security audits.

PRE-REQUISITES

Completion of secondary education.
An understanding of report writing is desirable.
A prior knowledge of the requirements of ISO 27001 would be beneficial.

COURSE VENUE

Courses are held at various training centres but alternatively can be held at your premises and tailored for your particular needs. For tailored courses, the numbers will be dependent on facilities available. Please contact your local Bureau Veritas Certification office for details.

CONTENTS

➢ *Introduction to Information Security*
➢ *Detailed content of ISO 27001:2005*
➢ *Similarities with OHSAS 18001, ISO14001 & ISO 9001*
➢ *Information Security Management Issues including operational control*
➢ *Information Security Audit Skills*
